AVIS À TOUTES LES PERSONNES  
INTÉRESSÉES AUX LUTTES FÉMINISTES ACTUELLES

Une conférence publique aura lieu lundi le 30 avril 1973, à 7 HEURES 30, à la polyvalente JEANNE-MANCE, 4240 Bordeaux (coin Rachel), Montréal.

INVITEES:

Mariarosa Dalla Costa, marxiste féministe

- assistante professeur à l'Institut des Sciences politiques et sociales, à la Faculté des Sciences politiques de l'Université de Padua, Italie
  - engagée activement dans le groupe féministe LOTTA FEMINISTA
- Elle nous fera part de ses recherches théoriques concernant le rôle de la femme dans le système capitaliste et des luttes à mener contre ce système.

Selma James, marxiste féministe

- née aux Etats-Unis, mais vivant en Angleterre depuis 1958
- active dans les luttes féministes depuis 1949
- elle mène actuellement une lutte concernant les allocations familiales que le gouvernement anglais veut retirer. Il semble que ce soit une des premières fois qu'une lutte féministe s'articule avec la lutte ouvrière en Angleterre.
