Dear Ursula,

we wrote you a letter the 18 Oct.73 and we have sent you also some materials for your book. We hope everything has been useful. About your request of a brief history of Lotta Femminista, up to now it has been very difficult to have time to write down these notes. But we will try if we are in time. Tell us please if there is time, it depends from the status of your book. Send us <sup>please</sup> an "espresso" informing also about the other parts of your work. Friendly

If you will have more detailed relation about Feminist Moviment Meeting, which they kept in London the 4th and 5th november 1972, (you can read about which some cyclostiled papers we are sending you and article page 8 of "Sottosopra"), ask it to Selma James (20 Straverton Road, N.W.2 London).

Dear Sister

Read your very good article <sup>1)</sup>  
women and the evolution of society

" I think there is a possibility in it to link  
 the feminist approach with the socialist  
 approach.

I should like to write to you concerning  
 these facts in a later letter.

Today, I should like to ask you  
 any information on the Italian  
 women's lib (socialist and non-  
 socialist) for I am writing a book  
on women's lib in Europe. !

Thank you very much for your kind  
 cooperation. In socialist history of  
women

1) Due that the English title is "Subversion of  
 the community"

P.S. Could you tell me which character  
 has the Parkide Radical? Please!
