Dear Sisters:

We have just read a notice in "Socialist Worker" about your Oct. 20-21 meeting. We would like to know if the papers to be read there will be published. As Lotta Femminista we are interested in studying what happened to women during fascism in Italy, and are therefore particularly interested in Tim MASON, The Cult of Motherhood in Nazi Germany for a comparison.

Thanks for your attention. In case money for papers, postage is required, please let us know the amount.

Yours comradely

Sid Wills passed your enquiry on to me: I am afraid that my paper on Women in Nazi Germany is still in the form of lecture notes: I shall be writing it up shortly, since the proceedings of the Workshop are going to be published.

Fraternal greetings,

Tim Mason
