Dear Comrades,

Mariarosa has forwarded your letter to me, and we ~~have~~ have decided that you should go ahead with the corrections according to the new ~~xxxxx~~ proofs. Since this incurs additional expense, we accept to pay from the author's percentage for these additional expenses.

When the new ~~xxxxx~~ proofs are ready, will you please send a copy to ~~Syx~~ Sylvine and one also to Mariarosa. Many thanks.

Comradely,

Sylvine

P.S. I see that you ~~approximate~~ estimate that it may be 500 fr. for resetting. Perhaps it will be less than this and I'm sure you will let us ~~know~~ know if it is.

my dear Rosa, I send this within an hour of receiving your letter. There is no choice. I hope you will save the original proofs, I would one day like to compare them. It is really a shock to me that those two French women could not do better than that. I can't believe when Sylvine is concerned that it's lack of interest or concern for details. Ah, well.

I'll write you soon. Delighted to hear your piece for the institute is working

Special thanks for OPStk

much love S.
out o.k.
