

# FALLING WALL BOOK SERVICE

FA, Cortella 4, 78

March 12th 1974

Dear Rosa,

We're not sure whether Selma had a chance to send you a copy of the Journal, or write to you about reviewing it, before she left for the US (the Journal was ready on the same day!), so we thought we'd better send you a copy and write just in case.

We're setting up a selective distribution service for books and pamphlets, and a Book Review in which books and pamphlets ~~which~~ we're distributing will be reviewed - and of course we're ~~gon~~ going to distribute the Power of Women Journal. It's important that the Power of Women Journal should be enthusiastically reviewed, but it ~~cannot~~ obviously can't be reviewed by anyone actually in the Power of Women Collective, and we feel it should be reviewed by someone from Lotta Feminista to make our links with you in Italy clear.

We would really like you to write a review, firstly because your name is already known here from 'Power of Women and the Subversion of the Community', but more importantly because people here are ~~xxxxxx~~ always anxious to make a division between you and Selma, and of course in the pamphlet your position on wages for housework isn't clear. So it would be important for us here if you personally <sup>made</sup> ~~make~~ clear your support.

The review could be anything between 100 and 1,000 words long, and can be quite simple. We need it rather quickly - by the end of the first week in April at the  
\* very latest - because we ~~now~~ need to publish it in April. We hope you'll be able to write ~~something~~ something yourself, even if only something brief. But if you really can't manage it yourself, could you arrange for someone else from Lotta Feminista to do it.

We're very pleased with the Journal as our first attempt. Hope you like it.

love and power,

Sonie

\* this really is the absolute deadline. if you could get it to us earlier that would be a great help.
