Windsor, Ontario  
May 2nd, 1975

Dear

*Maura Rosa,*

This letter concerns the newsletter. The enclosed is the mailing list that I have for your city/area. Is it correct? Any additions, subtractions, changes of address, etc? Please return this copy to me with the necessary changes before May 29th, 1975.

Also I would like to have one person in your city/area to be responsible for collecting the money for the newsletter and getting it back to me. I'm not sure how much it will cost yet but it would be a lot easier for me if someone would handle the collection of the money in each city and/or area. Could you please contact all the women on this enclosed list and decide among yourselves who wants to do this. Again, it would be preferable if you could let me know your decision before May 29th, 1975.

Just one other note and then I'm through. If groups would rather have me send the newsletter for one city/area to one person or to an office address (instead of through individual mailings), please make note of this when you return your corrected copy of the mailing list. (Don't forget to specify the number of copies that you want.)

OK, that's it!

Power to the sisters and  
therefore to the class.

*Rewi*
