Dear Maria Rosa, 27-6-75

I've been trying to get the materials on F.A. etc that you asked for. The trouble is that Selma assembled them before going to Bristol, & I have searched her house thoroughly many times & have not been able to find the folder. She is now planning to come back to London quite soon. If she can't find it, we will have to try again to get the things together, I have not been able to do that myself. Suzanne says. There are other things you ~~want~~ <sup>need</sup> now too. Are there any you have decided you don't want? I'm sorry about the delay, it has not been from neglect.

About the multinational worker article: could you insist that it should be translated by someone

you agree to, so one of us (maybe Silvia or Judy or others) can do it right, & get the money. Could you also insist that you will decide how it should be introduced (i.e. connecting you to us, etc.)

The telephone number Selma gave you for me is wrong. The right number is 452 1338. ~~you can also~~  
 Please do phone soon so we can talk about the conference; it would also be very useful if we knew what Venice has been doing, & what is happening in Italy. We have really suffered from a lack of accurate, specific information & accounts of political divisions which have some political substance. We have had to make serious decisions acting largely on trust, which is very difficult when

many in the group do not share that trust, it is unnecessary + leads to all kinds of trouble.

The other information which would have been a very great help to us is news of your May Day demonstration. It's too bad that it is not reported in the N. American newsletter; it is something of a disaster that it is not in the Journal. It could have been there if someone had written immediately after - that is mostly our fault as we did not request a report. Maybe after the conference we will know each other better + know how to use our international connections + how to prevent confusion.

On the same subject, we have wondered why we received no telegram from you on May 3rd. Perhaps you sent

one, & it didn't arrive? Our march was small, which means that it would have made a great deal of difference to ~~have~~ something from you.

I hope at the conference we'll be able to learn something from your group about how you've been able to work on such a massive scale.

We're working pretty hard here, & know what has to be done, but sometimes it feels as if we have our feet in thick mud.

That's all for the moment. Please call soon. I'm really looking forward to seeing you.

Love,  
Puth  
& Suzie

Dear Comitato di Padova,

Enclosed are 1) Invitations to the July conference for the Triveneto committee to distribute; a space is left for you to write the name of a group or individual. 2) Copies of the letter which we have sent to Ferrara, Modena, Venezia (Go S. Marco 4966 - we do not know if this is in Mestre or Venezia), Milano, Ravenna, Reggio Emilia & via dei Tadi Padova, along with a copy of the Notes on the Montreal conference. We have no address in Naples or Rome. The letter is to clarify our position, the nature of the conference, & the decision we have taken about invitations. 3) Notes on the Montreal conference of Feb 1975 about the political tendencies that have appeared in many countries. If they are going to be translated in Italy someone in the Comitato should be translated by someone

do it.

Please pass these materials on immediately to the other Triveneto Committee groups; you have only sent us their telephone numbers, not their addresses.

Please also let us know as soon as possible how many are likely to come from Italy to the conference.

The records arrived safely in England. They are not in our hands yet, but at the train station, we will collect them soon. I am worried about the ones you sent earlier. Were there many? Can they be recovered?

You will hear from us soon again. If anyone has time to write, it would be important for us to hear about your May Day, if possible before June 22<sup>nd</sup>.

For the wife,

Ruth Hall
