Dear Yanny,

I just wrote you a short letter & sent it to Switzerland, then thought I'd send one to you in Padova in case you weren't planning to go there & might change your mind. It was mainly to tell you about the ^{with} group in Geneva in case you didn't know - its Suzanne Lerch's group - do you know her? Suzanne Lerch, PTO →

~~tel (022) 712946.~~ I think they are about 20 & they publish 'Insomnies'; it would be good to know more about them. Ask Mariarosa if they ^{have the correct address.} ~~are in touch with her.~~

I won't repeat my letter - you'll have to go there to get it! But I'm very well, had a fantastic trip & sorted myself & my politics out a lot, I feel like a new woman. Hope you're both relaxing & learning too, I want to hear your report on Italy. I'm off work for a while now. See you when you get back.

Love + lots of kisses,
Ruthie

The numbers '138' + '1228' are a little suspect as they come from the bad address list in the journal. The rest, including phone no., I just got from a Swiss woman; ~~the suspect~~
