How today **we face** : to build a camp in Italy  
requires ~~to speak~~ to speak a little about  
how to move the previous years

Since '71 M.L.F. after L.F.

That meant 2) of '72-73 1) we lack of a coordinate  
effort by L.F. in order to  
organize a large debate

2) It was spent a certain amount  
of energy in practical activity  
of supporting struggles without  
any perspective that could point  
to prove generally the power of women.
