Dear M. Grounauer,

This is in reply to your letter of 22nd December 1975.

I have since received Frs 660, for which many thanks.

This is to confirm that I accept to fix the price for the new edition at Frs.10 and that the authors will have a Fr. 1,20 percentage per copy on this edition.

I have today received a letter from Mariarosa Dalla Costa confirming that she also accepts the new terms, and therefore there seems no reason why you cannot act to put out the new edition immediately.

Again, many thanks.

Yours sincerely,

Selma James

My dear Rosa. Here is the reply to Grounauer, so nothing at this end can be an excuse to keep him xfrom proceeding.

I shall be going to Toronto and NY for two weeks from Feb. 8 to 22, in order to make some money quickly. It is getting more and more difficult for me to type, mentally and physically.

I think it would be very good if the small foreword in the English edition were added to every edition. But with Grounauer I am afraid it will hold him up six months. If you agree, when the new edition comes out, we can tell him it is for the next edition.

We have a half hour nationally on the television in two weeks to do what we like, and it is a great strain but we are hoping for some results.

Hope you are not too desperate.

Much love,

*Selma*

*Your financial calculations clear.  
I will write as soon as Suzie  
gives me the figures to say  
where we stand.*
