Dear Felice, this is just an urgent note: I sent to you already some months ago the situation about "our calculations" just to know if I have some money to receive from you and, ~~to~~ if so, to receive it, if possible. I never received a reply. So I do not even know if the letter has gone lost. I need that money urgently, so I am writing here again what I already wrote to you:

Calculating what you gave to me personally and what I have to give to you from the second edition of *Poten Teuniviale* and calculating what you have to give to me until the English edition of P.F. until September '74 I had to give you totally

£ 126'000

You told me that you would have discharged this money from what you have to give to me ~~to~~ up today. May I know very soon about? The more easy way for me to receive money is if you will put it on my "conto corrente" that is:

||| n° 329396/0 of CASSA DI RISPARMIO di
PADOVA e ROVIGO, Agenzia di Via del Monte
PADOVA, - Many thanks. I am ~~adding~~ ^{putting} pressure
on you just because you authorized me in Rome
about that.
